

UIRA Annual Meeting Report  
Presented by Carolyn Wanat  
April 5, 2019

Emeritus Faculty Council (EFC) is the Executive Committee of the Association of Emeritus Faculty which includes about 700 members. EFC represents all colleges. We have liaisons to university committees and sponsor Senior College. This year I have been liaison to the UIRA board, learning first-hand about UIRA's terrific programs.

EFC's annual meeting and lunch is May 20 from 10am to 1pm. Lauren Lessing, Director of the Stanley Museum of Art, will be the speaker.

This year, EFC has discussed a variety of issues including health care, emeritus status, and cancellation of library subscriptions to periodicals.

Each month, EFC sponsors a lecture series at which emeritus faculty speak about their areas of research. Examples this year include Etruscan forgeries, Iowa Native Nations, and the Rockies as a classroom for science education students. If you are interested, please attend our lectures. Date, time, and location are listed on our website. All are welcome.
